

## Education Improvement Grant

How we propose to spend the 2019/20 grant to support the improvement of educational outcomes for learners at Ysgol Melyd.

The Education Improvement Grant has been allocated for increased training and resourcing to support the Ysgol Melyd Community in preparing for the implementation of the Welsh education reforms.

In 2019/20 Ysgol Melyd were allocated a total Education Improvement Grant of £7476.

We are using the funding available to:

- Provide appropriate training opportunities and resources to support professional development
- Improve the online safety of the school community through improved e-safety resourcing
- Improve the educational attainment of learners through more accurate assessment and tracking of learners

Mr Dafydd Jones, Head Teacher, 2019
